

My Learning at Langrish Primary School

By the time I leave Squirrel Class my parents and teachers would like me to be:

My teachers will help me to achieve this by:

- Providing a stimulating and enabling environment.
- Encourage, excite and challenge my learning.
- Know what interests motivate me and to engage in all my learning styles.
- Celebrating my successes and courage.
- Building positive relationships between my family, my friends and me.

My parents and carers will help me achieve this by:

- Providing a good solid day to day routine and to encourage self-help.
- Being supportive towards my learning and make time to complete home learning tasks.
- Being open and direct with the teacher and share my successes and challenges.
- Spending time listening to what I want to say and engage in conversations with me.
- Finding a balance to ensure we enjoy our learning and have fun.

Then I will be ready for a life full of fun and happy learning!
