

Langrish Primary School Health and Safety Policy (including Supporting Pupils with Medical Needs)

Langrish Primary School HEALTH AND SAFETY POLICY

Date of last review:	October 2024
Name of Headteacher approving this policy:	Heather Jones
Signature of Headteacher:	
Signature of Chair of Governors approving this policy:	
Date for next review of this policy:	October 2025

STATEMENT OF INTENT

It is our policy to conduct our activities in such a way as to ensure so far as is reasonably practicable, the health, safety and welfare of our employees and all persons likely to be affected by our activities including the general public where appropriate. We will co-operate and co-ordinate with partnerships, contractors, sub-contractors, employers, Hampshire County Council departments and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

Our aims are to:

- Provide and maintain a safe and healthy working environment ensuring the welfare of all persons
- Maintain control of health and safety risks arising from our activities
- Comply with statutory requirements as a minimum standard of safety
- Consult with all staff on matters affecting their health, safety, and welfare
- Provide and maintain safe systems, equipment, and machinery
- Ensure safe handling, storage, and use of substances
- Provide appropriate information, instruction, and supervision for everyone
- Ensure staff are suitably trained and competent to do their work safely
- Continually develop a safety culture to remove or reduce the possibility of accidents, injuries, and ill-health
- Assess risks, record significant findings, and monitor safety arrangements
- Review and revise safety policies and procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements

CHILDREN'S SERVICES HEALTH & SAFETY

- Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters

Our health and safety management system has been developed to ensure that the above commitments can be met. All staff and governors will be instrumental in its implementation.

ORGANISATION

Employer Responsibility

The overall responsibility for health and safety is held by:	Hampshire County Council
--	--------------------------

The employer is responsible for making sure that risks are managed so far as is reasonably practicable.

The employer will:

- Set clear Health and Safety policies and procedures
- Ensure that health and safety has a high profile
- Ensure adequate resources for health and safety are made available
- Consult and advise staff regarding health and safety requirements & arrangements
- Periodically monitor and review local health and safety arrangements

Responsible Manager

The Responsible Manager for the premises is:	Heather Jones
--	---------------

The Responsible Manager will act to:

- Ensure the school adopts the employer's policies and procedures
- Develop a safety culture throughout the school
- Consult employee and provide information, training, and instruction so that employees are able to perform their various tasks safely and effectively
- Consult and work with recognised Trade Union Safety Representatives/employee representatives and safety committees
- Assess and control risk on the premises as part of everyday management
- Ensure a safe and healthy environment and provide suitable welfare facilities
- Make operational decisions regarding health and safety
- Ensure periodic safety tours and inspections are conducted
- Ensure significant hazards are assessed and risks are managed to prevent harm
- Ensure employees are aware of their health and safety responsibilities
- Periodically update governing bodies/partnerships as appropriate
- Produce, monitor, and periodically review all local safety policies and procedures

All Employees (including Teachers, Support Staff, Site Staff, and Volunteers)

All employees have a statutory obligation to co-operate with the requirements of this policy and to take care of their own health and safety and that of others affected by their activities by:

- Supporting the school's health and safety arrangements
- Ensuring their own work area always remains safe
- Not interfering with health and safety arrangements or misusing equipment
- Complying with all safety procedures, whether written or verbally advised, for their own protection and the protection of those who may be affected by their actions
- Reporting safety concerns to their staff representative or other appropriate person
- Reporting any incident that has led, or could have led to damage or injury
- Assisting in investigations due to accidents, dangerous occurrences, or near-misses
- Not acting or omitting to act in any way that may cause harm or ill-health to others

Specific Health and Safety Responsibilities

Accident Investigator

The Accident investigator is:	Heather Jones
The Accident Investigator will attend accident investigator training every 3 years.	
The on-site trained accident investigator will lead on all on site accident investigations in accordance with departmental and corporate procedures.	

Asbestos Nominated Responsible Person

The Nominated Responsible Person (NRP) for Asbestos is:	Aidan James - Caretaker
The NRP will attend the Hampshire Scientific Services Asbestos awareness taught course on appointment. They will also complete the Asbestos e-learning course annually.	
The NRP will act on behalf of the Headteacher to provide the necessary competence to enable asbestos to be managed safely in accordance with the Corporate Procedure.	
The NRP will ensure that all employees have a reasonable awareness of asbestos management and dangers, that appropriate staff are competent in the use of the asbestos register, and that asbestos is managed in accordance with departmental and corporate requirements. They will advise the Headteacher of any condition or situation relating to asbestos which may affect the safety of any premises users.	
They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.	

CHILDREN'S SERVICES HEALTH & SAFETY

COSHH Assessor

The COSHH Assessor is:	Aidan James Caretaker, aided by Rosie Donovan (Administration)
The COSHH Assessor will attend the COSHH assessor training course every 3 years.	
The COSHH Assessor is the competent person for the assessment of all the hazardous substances on the premises. They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.	

Facilities Management Trained Staff

The Facilities Manager for the premises is:	Heather Jones
The Facilities Manager will attend the Introduction to Site Safety training course every 3 years.	
The facilities management trained employee is the competent person for the overall management of school premises and facilities. They are responsible for the local management and completion of day-to-day premises tasks (delegated to the Caretaker)	
They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.	

Fire Safety Co-ordinator

The Fire Safety Co-ordinator (FSC) is:	Heather Jones
The Fire Safety Co-ordinator will attend the Fire Risk Assessment Principles and Practice training course every 3 years.	
The (FSC) is the competent person for fire safety on the premises and acts on behalf of the Headteacher. The FSC is responsible for the local management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual.	
The FSC will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team and the Property Services Fire Team as required.	

On-Site Health & Safety Co-ordinator/Officer

The H&S Co-ordinator is:	Carolynne Graham
The on-site H&S Co-ordinator/Officer for the school will manage, advise and co-ordinate local safety matters on behalf of, and under the direction of the Responsible Manager.	
They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.	

Health & Safety Representative

The H&S Representative is:	Heather Jones
The premises Health and Safety Representative (whether a member of staff who is union appointed, or non-union and locally nominated) will represent the staff with regard to their health and safety at work. They are expected to promote a positive safety culture throughout the premises and perform the health and safety duties appropriate to their role in accordance with current guidance and legislative requirements.	

Legionella Nominated Responsible Person

The Nominated Responsible Person (NRP) for Legionella is:	Aidan James
The NRP will complete the Legionella e-learning course annually.	
The Nominated Responsible Person for Legionella on the premises acts on behalf of the Headteacher to provide the necessary competence to enable Legionella to be managed safely.	
The NRP will ensure that all periodic and exceptional recording, flushing, cleaning, and general legionella management tasks, are correctly completed and recorded in accordance with departmental and corporate requirements. They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or Property Services as required.	

Risk Assessor

The Risk Assessor is:	Rosie Donovan
The Risk Assessor will attend Risk Assessor training every 3 years.	
The Risk Assessor acts of behalf of the Headteacher to ensure risk assessments are completed and hazards are identified and managed.	
They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.	

Work at Height

The competent person for work at height on the premises is:	Aidan James - Caretaker
They will attend the Caretaking Support Service Ladder & Stepladder Safety course every 3 years.	
The competent person for working at height acts on behalf of the Headteacher and will ensure work at height is carried out safely.	

CHILDREN'S SERVICES HEALTH & SAFETY

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

ARRANGEMENTS

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for Langrish Primary School and are used alongside other current school procedures & policies.

In carrying out their normal functions, it is the duty of all managers and employees to act and do everything possible to prevent injury and ill-health to others. This will be achieved as far as is reasonably practicable, by the implementation of these arrangements and procedures.

Accident/Incident Reporting & Investigation

The on-site management, reporting and investigation of accidents, incidents and near misses is conducted in accordance with the Corporate procedure requirements.

Any accident, incident or injury involving staff, visitors, contractors, and the more serious accidents/incidents to pupils will be reported on the HCC Accident/incident reporting system online.

A copy of the completed incident report is automatically received by the Children's Services Health & Safety Team, the person who reported the incident, and the Manager/Accident Investigator.

Following the completion of an online accident report, an investigation must be carried out as soon as practicable after the accident. Managers will receive an email request to complete an investigation, with a link to the investigation form.

Minor accidents to pupils will be recorded in the accident book located in the school office, this is monitored daily by the Headteacher.

The Children's Services Health and Safety Team will review every incident reported on the online system and identify which are notifiable to the Health & Safety Executive (HSE) under the Reporting of Injuries Diseases and Dangerous Occurrences Regulations (RIDDOR). If reportable, the Children's Services Health and Safety Team will report the incident to the HSE, and a copy of the report will be sent to the school. *(In Non-HCC controlled schools, the report to the HSE will need to be completed by the Employer.)*

The Headteacher will ensure that the governing body/senior management is informed of all incidents of a serious nature. All accident/incident reports will be monitored by

Headteacher for trend analysis to prevent reoccurrences. The governing body should be regularly updated on monitoring and any trends identified.

Community Users/Hirers/Extended Services must report all incidents related to unsafe premises or equipment to the school, who will report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

Asbestos Management

Asbestos management on-site is controlled by the Nominated Responsible Person (NRP) for Asbestos. The asbestos register, as issued by the Asbestos Team is stored in the school office and online and is to be shown to all contractors who may need to conduct work on site. Contractors and anyone undertaking intrusive work must read and sign the register prior to being permitted to commence any work on site.

The Responsible Manager and the NRP will complete the asbestos checklist relevant to their role (one for each role) when they are appointed. Copies of these will be retained with the asbestos register.

The Responsible Manager, NRP and any other employees who may disturb the fabric of the building will complete the Asbestos Awareness e-learning annually. The NRP (and other employees who may carry out invasive works) will also attend the Hampshire Scientific Services half day attendance course once.

Any changes to the premises' structure that may affect the asbestos register information will be notified to the Asbestos Team in order that the asbestos register may be updated accordingly.

Under no circumstances must contractors or employees drill or affix anything to walls that may disturb materials without first checking the register to ensure it is safe to do so and/or obtaining approval from the NRP.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the Headteacher and/or the NRP who will immediately act to cordon off the affected area and contact the Asbestos Team for guidance. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building will be immediately stopped from working and immediately reported to the Headteacher and/or NRP.

Community Users/Hirers/Extended Services

The Headteacher will ensure that:

- Third parties and other extended service users operate under hire agreements
- A risk assessment for the activity is completed and shared with all relevant parties

CHILDREN'S SERVICES HEALTH & SAFETY

- The risk assessment for the premises is shared with the users/hirer
- The premises are safe for use and are always inspected prior to, and after each use
- Means of general access and egress are safe for use by all users
- All provided equipment is safe for use
- Fire escape routes and transit areas are safe and clear of hazards
- Hirers/users are formally made aware of fire safety procedures and equipment

Contractors on Site

For HCC schools contractors will be selected from HCC minor works framework where possible. If the minor works framework cannot be used, the Selection of Safe Contractors Assessment Checklist will be used to ascertain competence and suitability prior to engaging their services. The school's Management Surveyor will be contacted for further guidance.

All contractors must report to the school office where they will be asked to sign the visitors book and asbestos register and will investigate where on site they are working and will sign the asbestos register with the location either online or physically in the asbestos register. All contractors will be issued with the local written contractors induction brief that includes all relevant details of fire safety procedures & local safety arrangements.

All employees are responsible for monitoring work areas and providing appropriate levels of supervision.

Curriculum Activities

All safety management, risk assessments and maintenance of equipment for curriculum-based activities will be conducted under the control of the relevant Department Heads and subject teachers. They will use the appropriate codes of practice and safe working procedural guidance for Design & Technology, Science, Music, Physical Education & Sport, Art, Swimming and Drama as issued by CLEAPSS, HIAS and Hampshire County Council.

Display Screen Equipment

All Display Screen Equipment (DSE) users will complete the display screen equipment e-learning course annually.

All DSE users will carry out periodic workstation assessments using the Corporate Workstation Assessment Form. Findings from the workstation assessments will be actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

DSE users have the right to request regular free eyesight tests and be reimbursed towards spectacles if required for DSE use.

Electrical Equipment

The Headteacher will ensure that:

- Only authorised and competent persons are permitted to install or repair electrical equipment
- Equipment is not used if found to be defective in any way
- Defective equipment is reported & immediately taken out of use until repaired or disposed of
- All portable electrical equipment is inspected/tested annually by an appointed contractor
- Personal electrical equipment is not brought onto the premises or used unless it is approved by management and has been tested
- New equipment is added to the work equipment inventory and PAT testing/inspection schedules.

Any defective or suspected defective equipment, systems of work, fittings etc. will be removed from use, given to the school office and disposed of.

Emergency Procedures

The Headteacher will ensure that emergency procedures for non-fire related emergencies (gas leak, bomb threat, flooding etc.) are in place.

All employees will receive information, training and instruction on the non-fire emergency procedures and evacuation plans on induction. Employees will be periodically provided with updated information as the emergency procedures are routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans will be completed and reviewed for any vulnerable persons to ensure provision of safe, assisted evacuation in the event of an emergency incident.

Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The Fire Safety Co-ordinator is the competent person for fire safety on the premises and is the immediate point of contact for all fire safety related queries on site.

The Headteacher as Responsible Manager will ensure through the Fire Safety Co-ordinator that:

- All employees complete the mandatory fire safety induction e-learning course every year
- Fire safety information is provided to all employees at induction and periodically thereafter

CHILDREN'S SERVICES HEALTH & SAFETY

- Fire evacuation procedures, fire safety training and fire equipment inspection and testing are carried out in accordance with corporate guidance and the premises fire safety manual
- The fire manual is reviewed annually by the Fire Safety Co-ordinator, the Headteacher, and Governors making the necessary amendments
- Information from the fire risk assessment is shared with employees annually

First Aid

First Aid

Arrangements regarding first aid provision are set out in the First Aid Policy. The names and locations of the first aid trained staff on site are listed in the first aid policy and also clearly signposted around the school/premises.

A needs assessment of the first aid requirements is completed bi-annually, by the Primary First Aider. This details the number of first aid staff required.

First aid is never to be administered by anyone except first aid trained staff with in-date training certification, operating within the parameters of their training.

Administration of Medicines

Our administration of medicines requirements will be achieved by:

- Establishing principles for safe practice in the management and administration of prescribed medicines, non-prescribed medicines, maintenance drugs and emergency medicine.
- Providing clear guidance to all staff on the administration of medicines
- Ensuring there are sufficient numbers of appropriately trained staff to manage and administer medicines
- Ensuring there are suitable and sufficient facilities and equipment available to aid the safe management and administration of medicines
- Ensuring the above provisions are clear and shared with all who may require them

The administration of medicines is the overall responsibility of the parents with delegation to school staff with a form filled in advising of dose and frequency. These forms are kept on file.

Prescribed medicines

It is our policy to manage prescribed medicines e.g. anti-biotics and inhalers where appropriate following consultation and agreement with, and written consent from parents. If a child refuses to take medication, the parents will be informed immediately.

Non-prescribed medicines

It is our general policy not to take responsibility for the administration of non-prescribed medicines, e.g. Calpol or cough mixtures provided by parents as this responsibility rests with parents

On occasions when children require paracetamol it is our policy for the child to self-administer with guidance from school staff.

Children under 16 years old are NEVER to be administered aspirin or medicines containing Ibuprofen unless advised by a doctor

Maintenance drugs

It is our policy to manage administration of maintenance drugs e.g. Insulin as appropriate following consultation and agreement with parents and external agencies. A health care plan will be written for such cases with advice from external health care professionals. Any relevant training for staff will be obtained.

When a medical condition causes a child to become unwell and /or requires emergency administration of medicines, an ambulance will be summoned at the earliest opportunity.

Supporting Pupils with Medical Needs

According to Supporting Pupils with Medical Conditions DfE guidance, we will endeavour to ensure that children with medical conditions are properly supported so that they have full access to education, including school trips and physical education. The aim is to support both physical and mental health so they can play a full and active role in school life and remain healthy and achieve their academic potential. It is our policy to ensure that all medical information will be treated confidentially.

The Headteacher (on behalf of the governing body) is responsible for ensuring that all staff that need to be aware of specific children's needs have full information concerning the condition(s) and understand their role in the implementation. She will ensure there are sufficient trained members of staff to deliver against all individual healthcare plans, including contingency and emergency situations. School nurses and other agencies will be contacted if further support is required at school if they have not already been involved in the child's healthcare plan.

Any member of school staff may be asked to provide support to pupils with medical conditions, including the administration of medicines, although they cannot be required to do so. For other more serious medical conditions Learning Support Assistants are trained specifically for that child. We support children administering their own medicine if they are capable with agreement from the parent. Where a child needs to be taken to hospital, a member of staff will stay with the child until the parent arrives, parents will be contacted after the ambulance has been phoned.

We will only accept medicines that are in date, labelled and provided in the original container with instructions on dosage.

CHILDREN'S SERVICES HEALTH & SAFETY

All medicines are stored in our hygiene room, inhalers and epipens are taken by the class teachers when lessons are held outside or on visits in case of immediate need. Risk assessments including the medical requirements of all children are processed for any offsite visits. Controlled drugs are locked away with only administrative staff and the Headteacher having access. We ensure drugs are easily accessible in an emergency situation.

All other pain relief medicine will be administered on parental written guidance. Any homeopathic remedies will require a letter of consent by the child's doctor. Where medication needs to be stored in a fridge, they will be stored in the staffroom fridge not accessible to children.

A record of what has been administered including how much, when and by whom will be recorded.

We aim to identify children with medical needs on entry to the school by working in partnership with parents/carers. Where a formal diagnosis is awaited or is unclear, we will plan to implement arrangements to support the child based on the current evidence. A healthcare plan and its review may be initiated in consultation with the parent/carer. Where a child has an Educational Health Care Plan, the plans will be linked. This will be reviewed at least annually.

Home to school transport is the responsibility of the local authority for medicinal cover.

Should parents or children be dissatisfied with the support provided they can discuss their concerns directly with the Headteacher. If for whatever reason this does not resolve the issue, they may make a formal complaint via the school's complaints procedure.

Glazing

Glass and glazing on-site has been surveyed by Property Services and risk assessed by the school. The survey and assessment document is kept electronically on the school LCData system and is reviewed and updated every three years or when there are changes to the premises and/or glazing.

Any damaged glazing will be reported to the Caretaker Aidan James or Site Manager Carolyne Graham and made safe and replaced as soon as possible.

Housekeeping

Good housekeeping is an essential factor in effective health and safety. The following conditions will be adhered to:

- All corridors and passageways kept free from obstruction
- Shelves in storerooms and cupboards stacked neatly and not overloaded
- Floors kept clean, dry, and free from slip and trip hazards
- Emergency exits, and fire doors not obstructed in any way
- Supplies stored safely in their correct locations

- Rubbish and litter cleaned and removed at the end of each working day
- Poor housekeeping or poor hygiene conditions reported

COSHH

Hazardous substances, materials, and chemicals are not permitted to be used on-site until:

- Safety data sheets have been obtained
- A written COSHH assessment is completed by the trained COSHH assessor
- The product is approved for use by the Headteacher

When using a hazardous substance, employees will ensure that adequate precautions are taken to prevent ill-health and injury to themselves and others. Employees will be trained before using a hazardous substance and must follow safe working practices and use protective equipment if identified in the COSHH assessment.

All hazardous substances are stored appropriately in locked and clearly labelled stores in accordance with the relevant safety data sheets.

Hazardous substances are stored in the Caretaker Store

Inspections and Monitoring

It is the responsibility of all employees to monitor the condition of their workplace throughout the day. Monitoring and inspections of individual departments is carried out by Department Heads and/or the subject teachers as nominated by the Headteacher.

Periodic documented inspections of the premises will be carried out every term in accordance with the premises inspection schedule. Inspection findings will be recorded on the locally adapted Premises Safety Inspection Checklist.

All defects identified must be reported to Carlyne Graham Business Manager and recorded in the caretaker works book. Any identified high-level risks or safety management concerns will be addressed/actioned immediately

The termly H&S web monitoring form will be completed by the Caretaker and Business Manager. The monitoring form focuses on different areas each term and is an integral part of the School's and Children's Services Health and Safety Team's monitoring programme.

Kitchens

The main kitchen area is only to be used by authorised employees/third party. The main kitchen is managed by Hampshire Caterers Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices.

Where kitchens are managed by third parties, relevant safe systems of work and risk assessments will be shared between the third party and school.

Legionella

The Legionella Nominated Responsible Person (NRP) will manage and undertake all processes regarding Legionella in accordance with Hampshire County Council corporate procedure. They will:

- Record sentinel point temperatures on the online reporting system
- Regularly flush unused outlets
- Report any alterations to the water system
- Undertake descaling and disinfection

Lone Working

A risk assessment will be carried out to categorise each lone workers role and the risk presented, in accordance with the Corporate Lone Working Procedure.

Lone working will only take place:

- With the Headteacher's approval
- Following risk assessment
- Where it cannot be avoided

The lone working arrangements for employees who undertake lone working on this site is recorded in the Lone Working Risk Assessment

Moving and Handling

All employees will complete the moving and handling e-learning course every year without exception.

Employees are not permitted to regularly handle or move unreasonably heavy or awkward items, equipment, or children unless they have attended specific moving and handling training.

The Caretaker is expected to undertake regular physical work which would typically include regular moving and handling; therefore, they will attend a formal moving and handling course specific to the work requirements.

All moving and handling tasks are risk assessed before they are undertaken in accordance with the Corporate Moving and Handling Procedure.

Off-site Activities

Arrangements regarding off-site activities are managed in accordance with the Hampshire Outdoors procedures and guidance.

Provision of Information

The Headteacher will ensure that employees are periodically provided with information regarding safety arrangements. This information is discussed and minuted at staff meetings

Visitors and Contractors are provided with Health and Safety Information on arrival by the school office staff

The Health and Safety Law poster is displayed on the Health and Safety noticeboard in the staff room

Local health and safety advice is available from The Caretaker/Business Manager/Headteacher and the Children's Services Health & Safety Team can provide both general and specialist advice which is available on their website or on request.

Risk Assessment

Risk assessments will be carried out where a significant risk is identified or is reasonably foreseeable.

The trained risk assessor will oversee the completion of risk assessments. Risk assessments will be carried out by employees with the appropriate knowledge and understanding of the area, task or equipment being assessed.

All risk assessments and associated control measures will be approved and signed by the Headteacher.

Completed risk assessments are listed in the assessment register in the school office and will be reviewed periodically in accordance with the risk assessment review schedule.

Employees will be informed, where appropriate, of hazards and control measures identified in risk assessments. Risk assessments will be shared with employees and relevant third parties periodically and when there are changes.

Smoking

Smoking and use of e-cigarettes/vaporizers is not permitted on school premises.

Stress & Wellbeing

Langrish Primary School is committed to promoting a high level of health and wellbeing and recognises the importance of identifying & reducing workplace stressors.

CHILDREN'S SERVICES HEALTH & SAFETY

Stress management through risk assessment and appropriate consultation with employees will be periodically reviewed and acted upon in accordance with the Health & Safety Executive's Stress Management Standards - staff questionnaire.

School arrangements to monitor, consult and reduce stress situations are discussions at performance review meetings, wellbeing of staff CPD, staff feedback on work-life balance. Literature to promote positive health and wellbeing shared by email or weblink as it is published. The school subscribes to the Occupational Therapy SLA whose department also send literature to all staff.

Traffic Management

The school has a written Traffic Management Plan with arrangements regarding on-site traffic safety. The plan includes:

- A site plan diagram showing traffic and pedestrian routes, loading and parking areas
- Site plan check sheet
- Safe system of work; this can be included in the site plan check sheet
- Risk assessments where necessary

A copy of which is in the school office

Arrangements will be shared with employees and relevant third parties.

Training

Health and safety induction training will be provided and recorded for all new employees, including temporary workers and volunteers in accordance with the New Staff Induction Checklist.

The Headteacher will ensure that all employees are provided with adequate information, instruction, and training regarding their safety at work. Training needs analysis will be conducted, from which a comprehensive health and safety training plan will be developed and maintained.

All employees will be provided with the following training as a minimum:

- Induction training including the requirements of the school health and safety policy
- Local training including risk assessments and safe working practices
- Information following health and safety policy or procedural changes
- Relevant annual e-learning courses to meet mandatory corporate training requirements
- Role specific training
- Refresher training as required

Training records are held by the Business Manager who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all employees.

Violent Incidents

Violent, aggressive, threatening, or intimidating behaviour towards employees, whether verbal, written, electronic or physical, will not be tolerated.

In accordance with the Corporate Procedure on violence and aggression, employees should be categorised using the control menu. Control measures will be documented on the Violence & Aggression Risk Assessment. The risk assessment will be shared with relevant employees and reviewed on a regular basis.

Employees must report all violent and aggressive incidents using the confidential online reporting system. Incidents will be appropriately investigated, and control measures reviewed to reduce the risk of similar incidents occurring in the future. Incidents will be reported as close to the incident date as possible.

Violent incidents between children will be reported locally on CPOMs. If a child is injured following violence between children, it will be reported as an accident on the online reporting system.

Visitors

All visitors must initially report to the main reception where they will be provided with the key health, safety, and fire safety information to enable them to act appropriately and safely in the event of an incident. All visitors should sign in on site.

Visitors to the premises will be provided with a badge indicating safeguarding clearance accordingly

Whilst on site visitors will be supervised by the lead teacher or the school office/caretaker

Vulnerable Persons

Where there are vulnerable persons (for example a young person, new or expectant mother, someone with a disability or temporary or permanent medical conditions etc.) working or visiting the premises, a risk assessment will be completed. Appropriate procedures will be implemented, and arrangements for the health, safety, and welfare of vulnerable persons on school premises will be suitably managed.

Work Equipment

CHILDREN'S SERVICES HEALTH & SAFETY

All work equipment requiring statutory inspection and/or testing on site (for example, boilers, hoists, lifting equipment, local exhaust ventilation, PE equipment, climbing apparatus) will be inspected by appropriate competent contractors.

All employees will check work equipment prior to use. Any defective or suspected defective equipment must be removed from use, reported to the Caretaker; Aidan James or the Business Manager; Carolyne Graham and repaired or disposed of as soon as possible.

Work at Height

Work at height will be undertaken in accordance with the Corporate Procedure for Work at Height, and the Children's Services Health and Safety Team guidance. All general work at height will be carried out in accordance with the on-site general risk assessment. A separate risk assessment will be carried out for higher risk tasks.

The trained competent person for work at height on the premises will:

- Use steps, stepladders, and leaning ladders in accordance with their training
- Provide step stool instructional training briefs to employees
- Provide stepladder and steps training to employees using the Children's Services *Stepladder & Steps Safety* user PowerPoint presentation
- Carry out and record periodic inspections of all ladders, stepladders, and podium steps used on-site
- Remove access equipment from use if defective or considered unsuitable for use

The competent person for work at height, and all other employees, are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers, and mobile elevated work platforms.

School employees are not permitted to work on roofs unless suitable edge protection and safe access arrangements are in place.
